

Wibiya tool bar

You can either have or not have the Wibiya tool bar on the pages of your website.

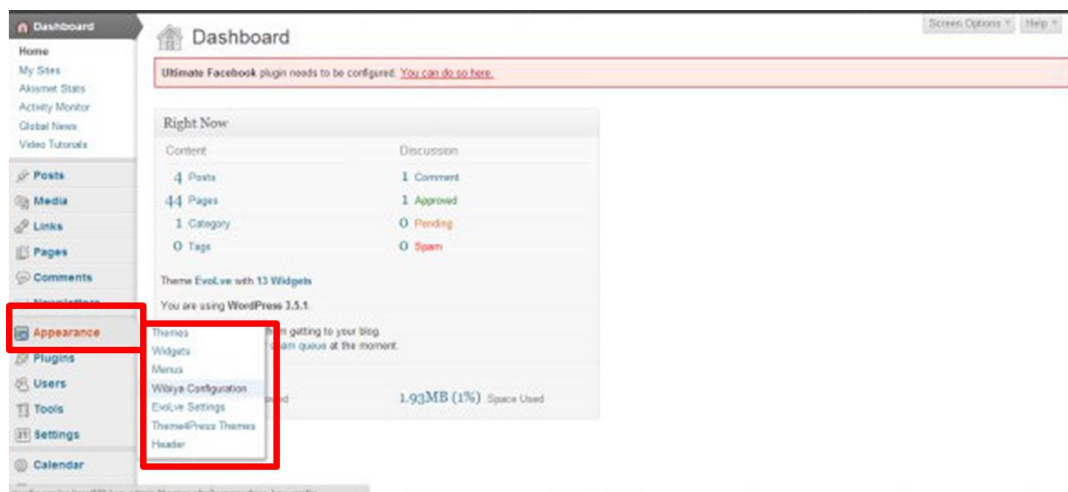

You will find the Wibiya at the bottom right of your web pages.

See below: The red box lower right.

To disable this tool bar. See process below

1. Go to the dashboard
2. Select appearance on the left
3. Select "Wibiya configuration"

1. See the area in the large red box “Wibiya toolbar”
2. See the small red box below. There is a check box that will enable or disable the tool bar. Uncheck the box to disable the tool bar. If you want to enable the toolbar later, check the box.
3. Select “update toolbar”
